Page 2 –Ursuline Mathematics Recommendation Form

List three adjectives that come immediately to mind when thinking of this student: _____

Does this student work to her potential? _____

Describe any weaknesses or problems this student has in math that we should be aware of? _____

List any tutorial programs or other support programs in which this student is currently participating, and/or programs that you feel would benefit her during her high school years. _____

Please share any thoughts or comments that will assist our Admissions Department. _____

Ursuline High School's math program is an academically challenging curriculum. Incoming ninth grade students are required to take six core classes and one elective. Our goal is to achieve proper placement of each student in courses commensurate with the applicant's academic needs and abilities. All incoming students have an opportunity to take a qualifying Math test prior to admittance in order to meet this goal. Your knowledge of this student's academic ability will help with proper math placement. Please choose one of the following statements that best describes your knowledge of this student's math potential.

_____ I recommend this student enthusiastically.

_____ I recommend this student with confidence.

_____ I recommend this student for Ursuline but recommend tutorial assistance.

_____ I recommend this student with reservations.

_____ I cannot recommend this student.

Thank you for your time and assistance. If you have any questions, please feel free to call Kathleen Kelly or Lisa Ormond, Co-Directors of Admissions, at 707-524-1133. Ursuline High School does not discriminate on the basis of race, color, or national and ethnic origin in Admission policies, administration of education policies, scholarships, tuition assistance programs, athletics, or any other school administered programs.
